DHARSHINI C

Software Developer — Python — Java — SQL — DSA — Problem Solving

dharshinichandrasekar95@gmail.com — +91 95669 04340 — LinkedIn — GitHub — LeetCode: dharshini_chandrasekar

PROFESSIONAL SUMMARY

Engineering graduate with hands-on experience in Python development, Django, SQL, automation, web scraping, and database-driven applications. Strong foundation in Data Structures and Algorithms, Object-Oriented Programming, Java, and problem solving. Experienced as a Python Trainer, mentoring learners in programming fundamentals, logical reasoning, and coding practices. Interested in building scalable, reliable, and real-world software solutions while continuously learning new technologies.

TECHNICAL SKILLS

Programming Languages: Python, Java, C
Core Computer Science: OOPS, Data Structures & Algorithms, Problem Solving
Backend Technologies: Django, CRUD Operations, Authentication
Database Systems: SQL, MySQL, Relational Databases
Web Technologies: HTML, CSS, JavaScript (Basics)
Automation & Scraping: Selenium, BeautifulSoup, Python Automation
Tools: Git, GitHub, Jupyter Notebook, Visual Studio Code, MS PowerPoint, MS Word, Canva, TinkerCad

PROFESSIONAL EXPERIENCE

Python Trainer **Aug 2025 – Aug 2026**
Cybernaut Edtech LLP

- Delivered structured training on Python programming, SQL fundamentals, Data Structures, Algorithms, and problem-solving techniques.
- Mentored students in writing optimized and maintainable code, debugging programs, and applying programming concepts to real-world problems.
- Designed practical coding assignments and exercises aligned with programming fundamentals, application development, and interview preparation.

Python Developer Intern **Dec 2024 – Mar 2025**
Cybernaut Edtech LLP

- Developed automation and web scraping solutions using Python, BeautifulSoup, and Selenium for data extraction and processing.
- Worked with structured and semi-structured data, performing data validation and transformation.
- Collaborated with team members in task planning, debugging, and timely delivery of assigned solutions.

Web Developer Intern **Jun 2025 – Jul 2025**
Seyasoft Technology Solutions

- Built backend-driven web applications using Django and relational databases.
- Implemented database integration, CRUD operations, authentication modules, templates, and views following SDLC practices.

ACADEMIC & TECHNICAL PROJECTS

Smart Mobile App for Cattle Breed Identification and Disease Detection

- Developed an AI-based mobile application to identify Indian cattle and buffalo breeds from images and support disease detection.
- Implemented image-based breed recognition and disease classification workflows with prediction results and confidence levels.
- **Tools Used:** Python, Machine Learning, CNN, TensorFlow, OpenCV, Android Studio, Kaggle, Roboflow

Smart Non-Refrigerated Tomato Preserving Unit

- Designed a smart preservation system for extending tomato shelf life without conventional refrigeration or freezing.
- Developed an IoT-based monitoring and control concept for temperature, humidity, ventilation, and preservation conditions.
- **Tools Used:** Arduino/ESP32, DHT11, MQ Sensor, Blynk IoT, Temperature & Humidity Monitoring, Embedded C

EDUCATION

Bachelor of Engineering – Electronics and Communication Engineering **2022 – 2026**
Vivekanandha College of Engineering for Women *CGPA: 8.6/10*

Higher Secondary Certificate (HSC) **2020 – 2022**
Malar Matriculation Higher Secondary School *84.16%*

Secondary School Leaving Certificate (SSLC) **2019 – 2020**
Malar Matriculation Higher Secondary School *89.2%*

CERTIFICATIONS & ACHIEVEMENTS

- **Special Appreciation with Cash Prize of Rs. 10,000** – TNWISE Hackathon.
- First Prize – Technical Paper Presentation at KSR College of Engineering and Annapoorna Engineering College.
- All Rounder Award for Academic Excellence, 2025.
- Tech Trio Certification in C++, Python, and Java – Cybernaut Edtech.
- Web Development Certification – Rinex Technology.
- Qualified for Prefinal Round of EDII Hackathon and received cash prize for prototype development.
- Ranked Top 36 among 10,000+ ideas in AIWOS and received cash award for idea/prototype development.
- Completed Wadhwani Foundation course on Idea to Business Plan (Business Modeling).
