## PROFESSIONAL SUMMARY

Electrical and Electronics Engineering graduate with knowledge of AutoCAD, MATLAB, Arduino IDE, Embedded Systems, SQL and Power BI. Academic project experience in electrical load monitoring and power management, with exposure to electrical maintenance and industrial control systems. Seeking an entry-level opportunity to apply technical skills and contribute to organizational growth.

## TECHNICAL SKILLS

AutoCAD | MATLAB | Arduino IDE | Embedded Systems | IoT | SQL | Power BI | Microsoft Word

## EDUCATION

B.E. Electrical and Electronics Engineering — SSM College of Engineering | 2023–2026 | CGPA: 7.71

Diploma – Electrical and Electronics Engineering — SSM Polytechnic College, Kumarapalayam | 81% | First Class with Distinction

SSLC — Government Higher Secondary School, Vediyarasampalayam | 358/500

## INTERNSHIP & TRAINING

• SCM Textile Processing Mill, Erode — Observed and assisted in the maintenance of industrial motor drives,, control panels and electric power distribution system

- Erode AI & IoT — Attended training on Artificial Intelligence & Internet of Things (AI & IoT)

## ACADEMIC PROJECT

Smart Electrical Load Forecasting and Power Management System Using Arduino

• Developed an Arduino-based system for monitoring and controlling electrical loads using relay and LCD display.

• Integrated solar backup and battery support for power management.

Skills Used: Arduino IDE, Embedded Systems, Electrical Load Monitoring, Relay Control, Power Electronics, Solar Power Integration, Circuit Design

## AWARDS/ACHIEVEMENTS

- Best outgoing Student in SSM Polytechnic College
- 100 percentage attendance in SSM college of Engineering
- Best outgoing Student in SSM College of Engineering

## ACHIEVEMENTS

• Participated in MATLAB Symposium at KSR College of Engineering

• Participated in 5G Network for IoT Workshop at Nandha Engineering College

## LANGUAGES

Tamil | English
