Summary

Motivated and results-driven engineering graduate with a strong foundation in software development. Skilled in web technologies such as HTML, CSS, Java, and MySQL, with additional hands-on experience gained through academic projects and internships. Proven ability to learn quickly, collaborate effectively in team environments, and solve real-world problems. Eager to contribute to a dynamic software development team and grow as a full-stack developer in a forward-thinking tech company.

Experience

Hex Softwares | Chennai, TN
Java Developer Internship | 09/2025 - 11/2025
Environment: Java, Spring boot, MySQL

Description:

- Designed and developed a fully responsive backend java software.
- Focused on clean design, interactive user experience, and optimized performance.

Responsibilities:

- Developed and maintained Java-based modules for internal applications.
- Designed and implemented OOP solutions using Core Java.
- Built RESTful APIs with Spring Boot and integrated MySQL using Hibernate.
- Implemented authentication and authorization using Spring Security.
- Performed CRUD operations and optimized code through debugging and JUnit testing.
- Used Git/GitHub for version control and collaborated in Agile sprints

Tech Forge | Salem, TN
Frontend Developer Intern | 06/2024 - 07/2024

- Completed a front-end development internship focused on building responsive and user-friendly web interfaces.
- Gained hands-on experience with modern web technologies and contributed to real-world projects under the mentorship of senior developers.

Responsibilities:

- Developed and maintained web pages using HTML, CSS, and JavaScript, ensuring responsive design and cross-browser compatibility.
- Collaborated with UI/UX designers to implement clean and intuitive user interfaces.
- Utilized version control systems such as Git for source code management and team collaboration.
- Participated in code reviews and daily stand-ups within an Agile development environment.
- Debugged and resolved front-end issues to improve site performance and user experience.
