SUMMARY

As a recent graduate, my goal is to secure a challenging role in a dynamic organization where I can utilize my enthusiasm, quick learning abilities, and motivation to contribute effectively. I aim to apply my strong educational foundation, adaptability, and passion for growth to become a valuable team member. I am dedicated to professional growth, skill enhancement, and making a meaningful impact on the organization's objectives. I am excited to start a fulfilling career journey marked by continuous learning and innovation.

EDUCATION

BE Computer Science and Engineering **2019 - 2023**
KPR Institute of Engineering and Technology **CGPA – 7.750**
Coimbatore, Tamil Nadu, India.

TECHNICAL SKILLS

Back End Development	Express • Node •
Front End Development	Reactjs • CSS • HTML
Programming Languages	JavaScript • Java
Version Control	Git • GitHub
Database	MySQL
Tools	Figma• Adobe XD • Adobe Illustrator • Blender

INTERNSHIP

AVASOFT **APRIL 2024-MAY 2024**

- Learned Full Stack Development: Gained practical knowledge of both front-end and back-end development.
- Worked on Real-World Projects: Contributed to live projects, giving exposure to real industry practices.
- Developed Technical Skills: Enhanced skills in key technologies such as HTML, CSS, JavaScript, React (for front-end), and Node.js, Express (for back-end).
- Collaborated with a Team: Worked closely with other developers, designers, and stakeholders, which improved communication and teamwork abilities.

PROJECTS

Decentralized Secure File Storage

- Expert in identifying vulnerabilities within centralized systems and advocating for decentralized approaches like IPFS.
- Demonstrates extensive knowledge of cryptographic hashing and the pivotal role of blockchain technology.
- Adept at effectively conveying the importance of secure, censorship-resistant data storage.

Video Conferencing Web App,

- Developed a real-time decentralized video conferencing web application from scratch using cutting-edge technologies.
- Utilized EJS, CSS, Node.js, PeerJS, and WebRTC to build a robust and feature-rich web application.
- Implemented WebRTC to enable seamless real-time video and audio communication between users, ensuring low latency and high-quality conferencing.

Skills

Languages English **Soft Skills** Teamwork, Presentation Skills, Networking
