BARATH KARTHIK A.S

Automobile Engineering Graduate | Automotive Diagnostics | ECM Repair | Key Programming | CAD & Prototyping

+91 8508075070 | barathkarthikas@gmail.com | Linkedln

CAREER OBJECTIVE

Motivated Automobile Engineering graduate seeking an entry-level opportunity in the automotive, electric vehicle, mechanical, service, diagnostics, or manufacturing sector. Interested in applying practical knowledge of vehicle systems, ECM diagnostics and repair, key programming, automotive service, CAD-based design, rapid prototyping, and composite material analysis.

EDUCATION

B.E. – Automobile Engineering — **2026 CGPA: 7.09**
K S R College of Engineering, Tiruchengode

Diploma in – Automobile Engineering — **2022 78%**
Excel Polytechnic College, Komarapalayam

Class X – JKKN Matric Higher Secondary School — **50%** • 2019
Tamil Nadu, Komarapalayam

ADDITIONAL COURSES / CERTIFICATIONS

- **Vehicle ECM Diagnostics & ECM Repair** — Completed practical training in vehicle ECM diagnostics, fault identification, testing, and ECM repair.
- **Meter Service** — Completed training in automotive meter/instrument cluster service and troubleshooting.
- **Key Programming** — Completed practical training in automotive key programming.

INTERNSHIP EXPERIENCE

Aerosparke Industries Pvt. Ltd., Hosur — 3D Printing & Rapid Prototyping Intern
May 2025 – June 2025

- Gained hands-on experience in 3D printing and rapid prototyping for engineering applications.
- Worked with 3D CAD models and converted digital designs into physical prototypes.
- Assisted with 3D printer operation, material handling, post-processing, and prototype preparation.
- Developed practical knowledge of prototype development, testing, and design validation.

ACADEMIC PROJECT

Design and Analysis of Mechanical Behaviour of Areca Fiber/Bronze Nano Particles Reinforced Polyester Composite for Automotive Door Application.
February 2025 – May 2026

- Developed a lightweight and eco-friendly composite concept for automotive door applications using areca fiber and bronze nanoparticles.
- Studied mechanical behaviour through experimental testing and finite element analysis (FEA).
- Evaluated the material's suitability for automotive door applications based on mechanical performance.

TECHNICAL SKILLS

- **Automotive:** Automobile Engineering, Automotive Components, Automobile Service, Vehicle ECM Diagnostics, ECM Repair
- **Diagnostics & Service:** Automotive Meter Service, Key Programming, Fault Diagnosis & Troubleshooting
- **EV:** Electric Vehicle Fundamentals
- **Design & Manufacturing:** 3D CAD Modelling, 3D Printing, Rapid Prototyping, Prototype Development
- **Analysis:** Mechanical Testing, Finite Element Analysis (FEA), Design Validation

LANGUAGES & ADDITIONAL

Languages: English (Reading & Writing), Tamil (Reading & Writing), Kannada (Spoken).

PERSONAL DETAILS

Date of Birth: 30 October 2003 **Gender:** Male

Declaration: I hereby declare that the information provided above is true to the best of my knowledge.
