Professional Summary

Strategic and results-driven Technology Leader with over 24 years of experience in enterprise architecture, core banking, digital transformation, AI/ML, cloud computing, and financial technology solutions. Expertise in leading large-scale technology implementations, data governance, risk & regulatory compliance, and process optimization. Adept at managing cross-functional teams, vendor relations, and executing scalable, high-impact IT strategies. Strong background in big data, cloud platforms (AWS, Azure, GCP), blockchain, DevOps, and microservices architecture. Proven ability to drive innovation and align IT strategies with business objectives to enhance operational efficiency and digital transformation.

Professional Experience

Assistant Vice President (Technology)

Mashreq Bank (MGS), Bangalore | Sep 2021 – Present

- Leads core banking platforms and technology strategy, overseeing digital transformation initiatives and ensuring compliance with risk & regulatory frameworks.
- Drives enterprise architecture development and cloud-based innovations while managing end-to-end system implementations, enhancements, and production support.
- Spearheads FLEXCUBE Core Banking modernization, ensuring high availability, security, and compliance with global banking standards.
- Implements cloud migration strategies, leveraging AWS, Azure, and GCP to enhance scalability and efficiency.
- Leads data governance and risk management, ensuring compliance with regulatory bodies across multiple regions (UAE, Egypt, Qatar, India, etc.).
- Drives AI & ML adoption, integrating automation and predictive analytics to optimize banking operations.

Senior Manager (Technology)

Mashreq Bank (MGS), Bangalore | Dec 2017 – Aug 2021

- Directed key technology projects, providing enterprise-wide IT solutions for Mashreq Bank's digital banking platforms.
- Managed full-cycle SDLC for change management in core banking systems.
- Ensured IT security compliance with GDPR, PSD2, and financial regulatory requirements.
- Led vendor negotiations, contracts, and third-party system integrations to enhance operational efficiency.

Managing Principal Consultant / Technical Manager

Oracle Financial Services Software Ltd., Bangalore | Sep 2008 – Dec 2017

- Led global FLEXCUBE Core Banking implementation projects for leading financial institutions across Europe, the Middle East, and Africa.
- Developed and deployed high-performance banking solutions, ensuring smooth system integration, data migration, and customization.
- Designed and optimized big data platforms, leveraging Hadoop, Spark, and NoSQL databases to process large-scale banking transactions.
- Led teams across onsite and offshore models, providing architectural governance and project execution.

Principal Software Engineer / Technical Lead

Aris Global, Bangalore | Sep 2005 – Sep 2008

- Designed pharmacovigilance data management solutions, ensuring compliance with regulatory standards.
- Managed data migration projects for global pharmaceutical companies.

Professional Experience

Analyst Programmer / Onsite Project Leader

Medicom Solutions, Muscat, Sultanate of Oman | Oct 2003 – Aug 2005

- Led software development and system implementation for healthcare ERP solutions.
- Managed 24/7 support operations, ensuring system uptime and performance.
- Designed and optimized data migration strategies for seamless integration of healthcare information systems.

Senior Software Engineer / Module Leader

Hinduja TMT Ltd., Bangalore | Sep 2002 – Oct 2003

- Developed enterprise-level applications, enhancing business processes and operational efficiency.
- Designed and implemented customized software modules for clients in BFSI and retail domains.
- Provided technical leadership, mentoring junior engineers and improving system development workflows.

Software Engineer

Webstar Software Pvt. Ltd. & 3i (ICICI) InfoTech, Bangalore | Apr 2001 – Aug 2002

- Developed and deployed ERP and financial applications, ensuring system reliability and performance.
- Conducted software enhancements, improving usability and scalability for enterprise solutions.
- Assisted in database optimization, ensuring efficient data retrieval and processing.

EDUCATION

Executive Post Graduate Certificate Programme, CTO & Digital Transformation – IIT Delhi
Executive Certificate Program in General Management – IIM Indore
Advanced Executive Program in Applied Generative AI – IIT Madras
Post Graduation Certification Program in BigData & AI/ML- BITS Pilani
M.C.A, Master of Computer Applications – Bharathidasan University
B.Sc. Physics with Electronics & Computer Science – Bharathiar University

AWARDS & RECOGNITION

- **Mashreq Excellence Long Service Award (2024)**
- **Mashreq Excellence Long Service Award (2023)**
- **Mashreq Excellence Gold Star Award (2022)**
- **Mashreq Silver Star Award (2021, 2019)**
- **We-Applaud Award – Oracle (2016, 2010)**
- **Long Service Award – Oracle (2013)**
- **Star Performer Award – Arisglobal (2006)**

CERTIFICATIONS & TRAININGS

- **TOGAF 9.1 Certified Enterprise Architect**
- **Certified Big Data & Cloud Architect –** Simplilearn
- **SAFe® 4.5 Agilist –** Scaled Agile Framework
- **CSM® (Certified Scrum Master) –** Scrum Alliance
- **OCP® (Oracle Certified Professional) –** Oracle University
- **ITIL® V3 Foundation Certified –** OGC
- **QSP (Qualified Scrum Professional) –** SCRUM.ORG/PMRI
- **PMI-PMP Training –** KnowledgeWorks IT Consulting Pvt. Ltd.
- **Oracle Unified Method (OUM) - Level 2 –** Project Management
- **Project Lifecycle Management (PLC) Training –** Waterfall & Agile/Scaled Agile
- **PG Certificate in Big Data Engineering & Analytics –** BITS, Pilani

KEY SKILLS

- **Enterprise Architecture & Digital Transformation**
- **AI/ML, Blockchain & Generative AI**
- **Core Banking Solutions (FLEXCUBE)**
- **Cloud Computing (AWS, Azure)**
- **Risk, Regulatory & Compliance Technologies**
- **Big Data & Data Engineering**
- **Agile, DevOps & CI/CD Implementation**
- **Cybersecurity & Data Governance**
- **Microservices & API Development, Service Oriented Architecture (SOA), Open Baking API**
- **Vendor & Stakeholder Management**

TECHNOLOGY STACK & TOOLS

- **Programming:** Java, Python, SQL, PL/SQL, Unix Shell Scripting
- **Databases:** Oracle 6, 7, 8, 10g ,11g R2 ,12c, 19c, MySQL, SQL Server, Cassandra, MongoDB
- **Cloud & DevOps:** AWS, Azure, GCP, Kubernetes, Docker, CI/CD Pipelines
- **AI & Big Data:** Hadoop, Spark, TensorFlow, NLP, Data Lake, ETL
- **ERP & Core Banking:** Oracle FLEXCUBE, Orion ERP
