CAREER OBJECTIVE

Final-year BCA student and aspiring Full Stack Developer with hands-on experience in Python, Flask, React, JavaScript and MySQL. Completed a Data Analytics internship and built AI-powered web applications end to end. Seeking an entry-level role where I can contribute to real products and keep growing as a developer.

EDUCATION

Bachelor of Computer Applications (BCA) – Vysya College (Autonomous), Salem — *2024 – 2027*
Affiliated to Periyar University | CGPA: 8.5

Higher Secondary (Class XII)
Percentage: 70%

Secondary School (Class X)
Percentage: 70%

INTERNSHIP

Data Analytics Intern – LAX360 Pvt Ltd — *May 2026 – Jun 2026*
Sales & Customer Data Analysis using Python, MySQL and Advanced Excel

- Analyzed sales and customer datasets with Python and MySQL to identify trends and buying patterns.
- Built data-cleaning and reporting workflows in Advanced Excel to produce business insights.
- Presented findings through summary reports and dashboards to support management decisions.

PROJECTS

AI-Based Spammer Detection & Social Network System — *Final Year Project*

- Developed a social networking web app that uses AI/ML to detect spam messages and posts automatically.
- Implemented user registration, login and post sharing, with spam content flagged or blocked in real time.

AI Resume Analyzer — *Mini Project*

- Built a web app where users upload a resume and receive AI-based analysis and improvement suggestions.
- Implemented resume-to-job-description matching that scores how well a candidate fits a role.
- **Tech:** HTML, CSS, JavaScript, Python (Flask), MySQL / SQLite

Smart Scholarship Management System — *Academic Project*

- Built a full-stack scholarship portal for Vysya College with Super Admin, College Management and Student dashboards.
- Implemented scholarship creation, eligibility matching, online applications with document upload, and approve / reject / correction workflows.
- Secured access with JWT authentication and Google Sign-In (OAuth).
- **Tech:** React, Python (Flask), MySQL, JWT, Google OAuth

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL
Web Development: HTML, CSS, React, Flask, Node.js, Express.js, REST APIs
Databases: MySQL, MongoDB, SQLite
Tools: Git, GitHub, Advanced Excel

CERTIFICATIONS

- NPTEL – Python for Data Science
- Digital Skills 101 – Excel, PowerPoint and essential digital tools
- Web Development – HTML, CSS, JavaScript
