ABOUT ME

Creative **Visual / UX & UI Designer** with **2 years** of hands-on experience creating user-focused digital products. Supported by 3 years of experience in business development and executive support, bringing strong communication, strategic thinking, and coordination skills into the design process. Specialized in designing intuitive, visually balanced mobile apps, websites, posters, videos, and digital content using modern design tools and current design trends.

EXPERIENCE

Visual & UX/UI Designer

Dec 2023 - Present

Jurysoft Global Pvt Ltd - (**Bangalore**)

- Collaborated with social media teams to design posts, reels, short videos, and campaign visuals.
- Designed responsive UI for web dashboards, landing pages, and mobile apps.
- Created wireframes, mockups, clickable and animated prototypes in Figma.
- Delivered user-centered designs aligned with brand guidelines and business goals.
- Coordinated with marketing and development teams for smooth handoff and on-time delivery.
- Maintained brand consistency through typography, layout systems, and reusable UI components.

Business Development Executive.

july 2020 - june 2022

DK Elektro Industrial & Solution LLP . - (**Chennai**)

PROJECT

WealthFino (FinTech Application)

Led the end-to-end design of the WealthFino mobile app, a SEBI-registered research and learning platform. I translated complex financial data into intuitive UI solutions by creating user flows, wireframes, and high-fidelity designs for real-time dashboards and interactive learning modules. By implementing a mobile-first design system and iterative prototyping, I improved app usability and streamlined the navigation for live market tracking and technical analysis tools.
