LeetCode | Codeforces | HackerRank | Portfolio

## Objective

Final-year B.Tech Information Technology student with hands-on experience in Full Stack Web Development using React.js, Spring Boot, REST APIs, JavaScript, and MySQL. Experienced in developing responsive web applications, integrating databases, and building end-to-end software solutions. Seeking a Web Developer position to apply technical skills, contribute to impactful projects, and grow as a software professional.

## Education

**Sri Shanmugha College of Engineering and Technology**
B.Tech in Information Technology | CGPA: 7.9 (through 6th semester)

**NSVV Boys Higher Secondary School** – HSC | 74%

## Projects

**ServeStock – Smart Restaurant Inventory, Waste & Operations Intelligence Platform** GitHub

- Built a full-stack restaurant inventory management platform using React.js, Spring Boot, REST APIs, and MySQL.
- Developed responsive user interfaces for inventory tracking, stock monitoring, and expiry management.
- Designed and integrated REST APIs for inventory operations and database communication.
- Implemented inventory analytics to track stock levels, expiry risks, waste management, and operational costs.
- *Stack:* React.js, React Native, JavaScript, Spring Boot, REST APIs, MySQL, HTML, CSS

**Touchless Mouse Interface** GitHub

- Built a touchless virtual mouse that controls the cursor through real-time hand-gesture recognition.
- Detected 21 hand landmarks with MediaPipe Hands and processed video in real time using OpenCV.
- Mapped gestures to click, double-click, drag-and-drop, scroll, and screenshot actions.
- *Stack:* Python, OpenCV, MediaPipe, PyAutoGUI

## Technical Skills

- **Languages:** Java, JavaScript, Python, C++, C
- **Frontend:** HTML5, CSS3, JavaScript, React.js, React Native
- **Backend:** Spring Boot, REST APIs
- **Database:** MySQL
- **Cloud:** AWS (Basic Knowledge)
- **Concepts:** OOP, DBMS, Data Structures & Algorithms, Low-Level Design
- **Tools:** Git, GitHub, VS Code, IntelliJ IDEA, WordPress

## Internship

**Full Stack Intern** – StartNet Venture Private Limited, Salem

- Developed and customized dynamic websites using WordPress, HTML, CSS, and JavaScript.
- Integrated and configured WordPress plugins to enhance website functionality.
- Improved front-end layouts, responsiveness, and overall user experience.
- Collaborated with team members to troubleshoot issues and optimize website performance.

## Certifications

- **NPTEL** – Programming in Java; Problem Solving Through Programming in Python (2025)
- **Udemy** – Mastering HTML5 and CSS3, Part 2: Intermediate Level (2025)
- **Forage** – Deloitte Australia Technology Job Simulation (2025)

## Awards

- 1st **Prize – "Code Vertex"**, Government College of Engineering, Bargur (2025)
- 1st **Prize – Debugging Competition**, Study World College of Engineering (2025)
- 1st **Place – "Throne of Code"**, Government Mahila Engineering College Ajmer (2025)
- 2nd **Prize – "Code Rescue"**, R. P. Sarathy Institute of Technology (2025)
