LeetCode | Codeforces | HackerRank | Portfolio

Objective

Aspiring AI/ML Engineer with strong foundations in Python, Java, SQL, DSA, and generative AI, seeking an opportunity to build intelligent, scalable solutions and apply machine learning concepts to real-world problems.

Education

Sri Shanmugha College of Engineering and Technology

B.Tech in Information Technology

- CGPA (up to 5th semester): 8.88

Sri Chaitanya Techno School, CBSE

- Percentage: 63%

Projects

CodeDefender - Python, CodeBERT, Qwen, Gemini, FastAPI GitHub

- Developed an AI-powered code security analyzer using CodeBERT and LLMs to detect and classify vulnerabilities such as SQL Injection, XSS, CSRF, and Path Traversal, generate secure code repairs, and validate fixes through syntax and security checks.

Multilingual AI assistants for government schemes - React , Python, Flask ,Ollama GitHub

- Developed a multilingual AI assistant application for government scheme queries, Integrated AI capabilities using Ollama and connected it with backend services , Designed the system to support user input → AI response flow

Technical Skills

Programming Languages: Python, C++, Java

AI and Machine Learning: Generative AI, Large Language Models (LLMs), Retrieval-Augmented Generation (RAG), Prompt Engineering

AI Tools and Technologies: Ollama, REST APIs ,Hugging Face

Web and Backend: HTML, CSS, JavaScript, React, Spring Boot

Databases: MySQL, SQL

CS Fundamentals: Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA), DBMS

Tools and Platforms: Git, GitHub, Visual Studio Code, Maven

Internship

StartNet Ventures Private Limited

- Developed and customized more than two web applications using HTML, CSS, JavaScript, MySQL, Spring Boot and WordPress, improving UI responsiveness and overall functionality.

Certifications

Oracle - Oracle Java Foundations
Infosys Springboard - Full-Stack Web Development
NPTEL - Python and Java
Scaler - Java Concurrency and Multithreading

Awards

Sri Sairam Engineering College – Infovista 25 Symposium Secured 1st Prize
Indian Institute of Technology Madras (IITM) - Shaastra 2026 Secured 55th Prize
Rathinam Technical Campus - Reverse Coding Secured 1st place
Government Mahila Engineering College Ajmer - Throne of Code Secured 1st place
