CAREER OBJECTIVE

Motivated B.Tech Artificial Intelligence and Data Science student with hands-on experience in Python, React, OpenCV, MediaPipe, and web development To begin my career as an AI Engineer or Software Developer, applying my knowledge of Artificial Intelligence, Data Science, Python, and Web Development while continuously learning and contributing to innovative real-world solutions.

SKILLS

Programming	Python, C, JavaScript (Basics)
Frontend	HTML, CSS, React, flutter
AI & ML	Machine Learning Concepts, Deep Learning Concepts, Computer Vision
Other Skills	UI/UX Design, Problem Solving, Communication, Teamwork

EDUCATION

Sengunthar Engineering College, Thiruchengode.
B.Tech – Artificial Intelligence and Data Science | Currently Pursuing

VVCRM Secondary Girls Higher Secondary School, Erode.
Class XII – 520/600 (86.67%) | Class XI – 512/600 (85.33%)

INTERNSHIP & EXPERIENCE

Cognify — Web Development Intern
Completed a **Web Development Internship** at Cognifyz Technologies, gaining hands-on experience in **web development, problem-solving, and technical implementation**. Successfully worked on assigned tasks and challenges while strengthening practical development skills and teamwork.

Gozler Tech — Python Developer Intern
Participated in **Python development** activities and technical project work, gaining hands-on experience in Python programming, problem-solving, and application development.

PROJECTS

Learn Me - Educational platform with courses, quizzes, certificates, and admin management.
Calculator Hub - Responsive web application featuring multiple calculator tools with a user-friendly interface.
World Weather - Weather application providing real-time weather information and forecasts for global locations.
Chem Lab - Interactive virtual chemistry laboratory designed for digital experimentation and learning.
Mushroom Cultivation - IoT-based smart cultivation system using ESP8266, DHT11, and LDR for environmental monitoring.

CERTIFICATIONS & ACHIEVEMENTS

NPTEL – Cloud Computing: Completed certification covering fundamental concepts of cloud computing and related technologies.
Outskill – Gen AI Engineering Mastermind: Completed an industry-focused program on Generative AI and AI engineering concepts.
Takeoff Media – AI Prompt Challenge 2026: Demonstrated practical skills in AI prompting and Generative AI applications.
Skill India Digital Hub / NASSCOM – AI DevOps Analyst: Completed skill-based training in AI, DevOps, and modern technology practices.
ELECTRATHON'26 – National-Level Hackathon: Participated in a 24-hour national-level hackathon focused on technical problem-solving and innovation.
IBM & Coursera – AI & Technology Programs: Completed online learning programs focused on Artificial Intelligence and emerging technologies.

RELEVANT COURSEWORK

Aspiring AI Engineer with a focus on Machine Learning, Computer Vision, and AI-driven application development.
