PROFESSIONAL SUMMERY

Aspiring **MERN Full Stack Developer** with strong knowledge of **React.js, JavaScript (ES6+), Node.js, Express.js, MongoDB, HTML5, and CSS3**. Skilled in developing **responsive web applications, RESTful APIs, JWT-based authentication systems, and database-driven applications**. Experienced in **frontend and backend development, API integration, CRUD operations, database design, and Git version control**. Possess 3 years of professional experience in customer interaction, communication, and problem-solving, with a strong passion for building **scalable web applications** and continuously **learning modern technologies**.

SKILL & COMPETENCIES

- **FRONT-END DEVELOPMENT :** React.js, JavaScript (ES6+), HTML5, CSS3, JQuery, Bootstrap, Responsive Web Design
- **BACK-END DEVELOPMENT :** Node.js, Express.js, RESTful APIs, JWT Authentication
- **DATABASE :** MongoDB, Database Design, CRUD Operations
- **TOOLS & PLATFORMS :** Git, GitHub, Vercel, VS Code
- **PROFESSIONAL STRENGTHS :** Teamwork, Creative Mindset, Calm Approach, Problem-Solving, Attention to Details

PROJECTS

Contact Management System (MERN) — June-2026

Technologies : React.js, CSS3, Node.js, Express.js, MongoDB Atlas, Mongoose, Axios
Description : Created a full-stack contact management application to store and manage user contacts efficiently. Built a responsive React.js frontend with reusable components and integrated RESTful APIs for seamless data flow between frontend and backend. Implemented complete CRUD operations (Create, Read, Update, Delete) using Node.js, Express.js, and MongoDB Atlas. Added search and filter functionality for quick contact retrieval and improved user experience.

Instagram Clone (Full Stack Application) — Feb-2026

Technologies : React.js, CSS3, Node.js, Express.js, MongoDB Atlas, React Router, Axios
Description : Collaborated with stakeholders to build a full-stack Instagram Clone application with React frontend and Node.js/Express backend integrated with MongoDB Atlas. Presented a responsive user interface using React.js with reusable components and implemented RESTful APIs to clients for feedback. Facilitated requirements gathering to implement core social media features including post creation, update, delete, and view functionality along with like system, story viewing, and user profile management. Integrated image upload functionality and used React Router for smooth navigation across pages. Managed application state using React Hooks and connected frontend with backend using Axios.

React Dashboard Web Application — Nov-2025

Technologies : React.js, CSS3, Bootstrap
Description : Developed a responsive admin dashboard web application using React.js and Bootstrap. Designed a structured and interactive UI with sidebar navigation, top navbar, and card-based layout to display analytics data. Implemented a clean and responsive design for better user experience across different devices. Articulated design patterns to build reusable components and organized layout for scalable frontend architecture, facilitating team alignment.

EXPERIENCE

Sales Consultant-Oppo — 2022-2025

- Achieved top targets, building **analytical and problem-solving skills**
- Learned **user-focused approach**, transferable to web development
- Collaborated with team, strengthening **communication and teamwork**

Awards

Top Target Achiever - Oppo : Consistently achieved sales goals-reflects **problem solving & goal achievement skills.**

EDUCATION

Bachelor of Computer Application — 2019-2022

KSR College of Arts & Science(Autonomous) - CGPA : 6.87
