Career Objective

A motivated and enthusiastic MCA graduate seeking an entry-level position in the IT industry where I can utilize my technical skills, enhance my knowledge, and contribute effectively to organizational goals while building a successful career.

Technical Skills

Programming Languages: Python, SQL
Database: MySQL
Web Technologies: HTML, CSS (Basic)
Machine Learning: Basic Machine Learning, CNN (Convolutional NeuralNetworks)
Tools & IDEs: Visual Studio Code, Jupyter Notebook
Microsoft Office: MS Word, MS Excel, MS PowerPoint
Operating Systems: Windows
Version Control: Git (Basic)
Documentation & Data Entry: MS Office, Data Management

Project

Bee Species Classification Using Deep Learning
Technologies: Python, TensorFlow/Keras, OpenCV, NumPy, CNN
Developed a deep learning model to classify different bee species from images using Convolutional Neural Networks (CNN). Performed image preprocessing, resizing, and data augmentation to improve model performance.Trained and evaluated the CNN model using labeled image datasets. Achieved accurate species prediction for unseen bee images.Visualized training and validation accuracy using performance graphs.

Education

Qualification	Institution	University/Board	Year	CGPA/Percentage
Master of Computer Applications (MCA)	Vasavi Vidya Trust Group of Institutions	*University Name*	2023 – 2025	*7.94 / 10*
Bachelor of Science (B.Sc.) – Computer Science	Government Arts and Science College	*University Name*	2020 – 2023	*7.167 / 10*
Higher Secondary Certificate (HSC)	*Sree Vetri Vikas Matric Higher Secondary School*	State Board	2020	*63.8*
Secondary School Leaving Certificate (SSLC)	*Sree Vetri Vikas Matric Higher Secondary School*	State Board	2018	*83.6%*

Declaration

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
