PROFILE SUMMARY

Motivated and enthusiastic B.Sc. Computer Science student specializing in AI & Data Science, with a strong academic record and practical exposure to full-stack development and AI-based technologies. Skilled in Python, Django, MySQL, and web application development, with knowledge of REST APIs and database management. Experienced in developing academic and industry-oriented projects, with a keen interest in Artificial Intelligence, Data Science, and software development. Certified in Generative AI and Graphic Design, with strong communication, problem-solving, and teamwork skills. Eager to begin a career in the IT industry and contribute to innovative technology solutions.

TECHNICAL SKILLS

Programming & Backend	Python | Django | REST APIs | Full Stack Web Development
Database	MySQL | Database Design | Query Optimisation
AI & Data Science	Generative AI | AI-Driven Automation | Data Analysis | AI Agents
Design & Office Tools	Adobe Photoshop | Adobe Illustrator | Graphic Design | Microsoft Excel | PowerPoint
Soft Skills	Strong Communication | Decision Making | Adaptability | Team Collaboration

PROJECTS

SMART PICK AND PLACE ROBOTIC TWIN

HTML • CSS • Javascript

- **Overview**: IoT-based robotic arm system designed for automated pick-and-place operations using servo motors and an IR sensor, with a web-based digital twin for real-time monitoring and control.
- **Tech & Role:** Developed ESP8266-based robotic control with servo motors and sensor integration, and integrated a web dashboard using HTML, CSS, JavaScript, HTTP/REST API and JSON for real-time monitoring and visualization.

INTERNSHIP EXPERIENCE

Full Stack Development Intern | CubeAI Solutions, India

Completed

- Gained hands-on experience in **full-stack development**, including frontend, backend and database integration.
- Developed and tested web application features while working with real-time project requirements.

Full Stack Development Intern | Gateway Software Solutions, Coimbatore

- Worked on full-stack web development using **Python, Django, HTML, CSS and MySQL**.
- Assisted in developing web applications, integrating backend functionality and managing databases. *Completed*

EDUCATION

Institution	Qualification	Score
K.S.R College of Arts & Science for Women	B.Sc. AI & Data Science (3rd Year)	CGPA: 8.1
Higher Secondary School	Class XII – CBSE	67%
High School	Class X – CBSE	70%

CERTIFICATIONS

- **TANCAM'S HACKATHON- TNWISE 2025** – Smart Assistive Technology
- **Generative AI Courses** – Skill Build (all completed Generative AI certifications)

LANGUAGES KNOWN

Tamil • English • Hindi(R)
