EDUCATION

Government College of Engineering, Salem **2023 – 2027**
Bachelor of Engineering in Electronics and Communication Engineering; CGPA: 8.5 *Salem, Tamil Nadu*

EXPERIENCE

Freelance Web Developer *mayilrafabrics.com*
Client Project – Mayilra Fabrics (E-commerce)

- Built and deployed a live e-commerce site with a custom domain, serving real customers and live payments.
- Worked directly with the client to gather requirements, handle revisions, and manage delivery end-to-end.
- Built an admin panel for live order management, offers and coupons, stock control, and tiered delivery pricing.
- Added real-time order tracking (Firestore) and automated confirmation emails with PDF attachments.
- Integrated Razorpay for secure online payments through a custom serverless function.

AI-Powered Web Development Intern **May 2026**
Emglitz Technologies *Salem, Tamil Nadu*

- Completed a 15-day internship focused on AI-powered web development.
- Applied prompting and AI-assisted development techniques to build and refine web pages.
- Gained hands-on experience using AI tools within a practical web development workflow.

PROJECTS

Eventra | *Frontend Development for an Instagram-style platform for students.*

- Built the frontend of an Instagram-style platform that connects students across Tamil Nadu with technical events.
- Designed clean, easy-to-navigate screens for event discovery, event details, and student collaboration.
- Translated product requirements into responsive interfaces and handled frontend development independently.

Uzhavosai | *Frontend Development for a platform connecting farmers and consumers.*

- Designed a platform linking farmers directly to consumers, removing middlemen for fairer pricing.
- Planned core features: produce listings, direct ordering, and transparent pricing to widen farmers' market reach.
- Focused on accessibility for rural users to bridge the gap between agricultural producers and everyday buyers.

LEADERSHIP

Secretary
Rotaract Club, Government College of Engineering *Salem, Tamil Nadu*

- Coordinate club activities, meetings, and member communication.
- Manage event planning and documentation with the core team.
