CAREER OBJECTIVE

Final-year Electronics and Communication Engineering student with a solid foundation in Java, Python, and C, and hands-on exposure to data analysis and IoT-based systems. Comfortable working with sensor and embedded data pipelines and genuinely interested in moving into cloud and data engineering, where I can build on my Python and analytics background. Looking for an opportunity to learn from experienced engineers, pick up cloud platform skills quickly, and contribute to real projects from day one.

EDUCATION

Duration	Institution	Qualification	Score
2023 - Till now	Velalar College of Engineering and Technology, Thindal	B.E. ECE	CGPA: 7.33*
2022 - 2023	Bharathi Matric Hr. Sec. School	Higher Secondary	75.5%

TECHNICAL SKILLS

- Programming: Java, C, Python
- Data & Analytics: Data Analytics with Python, working knowledge of OpenCV and TensorFlow for applied data projects
- Embedded Systems / IoT: ESP32, Arduino, ESP32-CAM
- Soft Skills: Communication, Teamwork, Quick Learner, Problem Solving

PROJECTS

Home Security Monitoring

- Built a sensor-based home security system with real-time intrusion detection and an alarm mechanism, using sensor data to trigger alerts.

AI Smart Crop Care System

- Built an AI and IoT-based smart agriculture system using ESP32-CAM, Python, OpenCV, and TensorFlow to handle crop disease detection, soil moisture monitoring, and fertilizer recommendations — combining sensor data collection with a Python-based analysis pipeline.

CERTIFICATES / COURSES

- Embedded Systems Training (Internship) – NXT Gen (Dec 2024)
- Introduction to Industry 4.0 – NPTEL
- Data Analytics with Python – NPTEL
- Sensors and Actuators – NPTEL
- Mobile and Laptop Troubleshooting – New Technology Institute

WORKSHOP / PAPER PRESENTATION

- Paper Presentation on Wireless Fidelity (Wi-Fi) – Karpagam Institute of Technology

AREA OF INTEREST

- Data Engineering & Analytics
- Cloud Computing
- Embedded Systems & IoT
- Problem Solving

EXTRA-CURRICULAR / CLUB ACTIVITIES

- YRC (Youth Red Cross)
- Green Club

HOBBIES

- Gym
