GURUPRASAATH P

Java Backend & Spring Boot

8122816507 | guruprasaath2006@gmail.com | linkedin.com/in/guruprasaath2006 | Namakkal, Tamilnadu

SUMMARY

Computer Science Engineering student with hands-on internship experience in Java Full Stack and Spring Boot backend development. Skilled in REST APIs, CRUD operations, database management, and API testing. Seeking an entry-level Software Developer role.

TECHNICAL SKILLS

- Languages: Java, C, Python
- Backend: Spring Boot, REST APIs
- Frontend: HTML, CSS
- Databases: PostgreSQL, MySQL
- Tools: Git, GitHub, Postman, VS Code, IntelliJ IDEA
- Core: OOP, Collections Framework, Exception Handling

INTERNSHIP EXPERIENCE

Java Full Stack Development Intern | EPIX DESIGNS, Trichy *Dec 2025*

- Developed Java Full Stack applications integrating frontend interfaces with backend logic.
- Connected UI components with RESTful backend services and strengthened understanding of end-to-end web architecture.

Spring Boot Backend API Development Intern | Mahil TechLab Solutions *Jun 2025*

- Designed and developed RESTful APIs using Spring Boot.
- Implemented CRUD operations with PostgreSQL and MySQL and tested API endpoints using Postman.

PROJECTS

Plant Disease Prediction System | Python, Machine Learning, Data Analysis

- Built an AI-powered system to identify and classify plant diseases from image data.
- Applied preprocessing techniques and evaluated multiple models to improve prediction accuracy.

Patient Diagnosis Report Monitoring System | Java, Spring Boot, PostgreSQL

- Developed a healthcare records management application for secure storage and retrieval of patient diagnosis reports.
- Designed the database schema and backend logic for efficient medical record management.

EDUCATION

B.E. – Computer Science and Engineering *2027*
Kongunadu College of Engineering and Technology, Thottiyam

HSC – 77.5% *2023*
Kalaimagal Matric Higher Secondary School, Namakkal

SSLC – 100% *2021*
Vidhya Nikethan Intel School

CERTIFICATIONS & ACHIEVEMENTS

- NPTEL: Data Analytics with Python & Internet of Things & Software Testing.
- Participated and won prizes in inter-college technical competitions and coding events; attended software development and emerging technology workshops.

SOFT SKILLS

Problem Solving | Logical Thinking | Communication | Quick Learner | Team Collaboration | Adaptability
