Salem, Tamil Nadu

SKILL SUMMARY

Languages: Java
Databases: MySQL, Firebase, SQL
Web Technologies: HTML, CSS, JavaScript, Responsive Web Design
Tools: Git, GitHub, VS Code, Netlify, Unix

EXPERIENCE

Freelance Web Developer Salem | 2026

- Developed and deployed responsive websites using HTML, CSS, JavaScript, Firebase, and Netlify.
- Handled UI development, Firebase integration, domain, hosting, deployment, and SEO optimization.

Junior Associate — Whitestone Software Solutions Pvt. Ltd. Dharmapuri | 2026

- Supported enterprise applications using Unix/Linux,MySQL, and FEBA, troubleshooting application and production issues.
- Analyzed and troubleshot complex SQL queries, identifying database issues and supporting resolution.

Web Development Intern Salem | Jul–Aug 2024

- Implemented responsive web interfaces using HTML, CSS, and JavaScript, reducing page reloads by 40%.
- Implemented and tested responsive UI components, improving usability and cross-device compatibility.

PROJECTS

Tailor Shop Management System **Live Demo** HTML, CSS, JavaScript, Firebase

- Engineered a CRUD management system for customer profiles, measurements, orders, payments, and delivery tracking.
- Integrated Firebase for data storage and implemented a responsive interface for daily shop operations.

Student Education Career Advisor **Live Demo** HTML, CSS, JavaScript, Firebase

- Developed a career guidance platform to track student progress and provide personalized career recommendations.
- Enhanced the platform with Firebase data management and an interactive, responsive user interface.

Thiruvalluvar Secure Solutions Website **Live Demo** HTML, CSS, JavaScript, SEO

- Developed and deployed a responsive business website using HTML, CSS, and JavaScript.
- Handled .in domain registration, hosting, deployment, and SEO optimization to improve online visibility.

EDUCATION

Knowledge Institute of Technology Salem, Tamil Nadu
B.Tech in Artificial Intelligence and Data Science | CGPA: **7.4/10** 2022–2026

Government Model School Konganapuram, Salem
Higher Secondary Education | **82.6%** 2020–2021

CERTIFICATIONS & ACHIEVEMENTS

- Java Programming Certification — **Wipro** | ZOHO Certified Developer
- Solved 200+ problems on **GeeksforGeeks** and **LeetCode**.
- Conducted a **3-hour offline workshop** on web development and freelancing for 15+ college students.
- **UI/UX Workshop** — Completed 3-day workshop at Knowledge Institute of Technology.

ACHIEVEMENTS

100% Attendance
Full attendance throughout the academic year.

Wipro Milestone
Python assessment, First Grade.

PROJECTS

Weather Prediction
Artificial Intelligence & Machine Learning
- Built a machine learning-based weather prediction system, covering data preprocessing, model training, and model evaluation.
- Analyzed weather-related data to identify patterns supporting data-driven forecasting decisions.
- Evaluated model performance to improve prediction reliability over a two-month project cycle.
- Technologies Used: Python, Pandas, Scikit-learn, Jupyter Notebook.

Universal Life Assistant
AI / Full Stack Development
- Designed and developed a full-stack AI-based life-assistant application aimed at simplifying everyday user tasks through intelligent, user-focused features.
- Combined AI-driven assistance with a functional application interface to address practical, real-world problems.
- Applied full-stack development concepts to build an end-to-end working application within a one-month timeline.
- Technologies Used: Python, HTML, CSS, JavaScript.
