Professional Summary

Motivated and adaptable student with a strong foundation in software development and problem-solving. Possess good analytical and communication skills, with a keen interest in learning new technologies and applying technical knowledge to real-world challenges. A quick learner and collaborative team player with a strong commitment to continuous learning and professional growth.

Education

M. Kumarasamy College of Engineering, Karur — Aug 2023 – May 2027
Bachelor of Technology in Artificial Intelligence & Data Science — CGPA: 7.70

Skills

Technical Skills

- Java, SQL, Spring.
- Web Development, React.js
- GitHub, VS Code, Figma.
- Cognos BI, IBM SPSS Modeler.

Soft Skills

- Communication
- Quick Learner
- Attention to Detail
- Analytical Thinking

Projects

SMART BOARD AI: Speech-Driven Image Generation for Smarter Classroom.

- Built an AI-powered classroom system that converts speech into visual content using speech recognition, NLP, and image generation.
- Developed the backend processing workflow to extract key concepts from lecture speech and generate relevant visual outputs.
- **Role:** Back-End Developer.

VITASHIELD – Smart Health Monitoring System.

- Developed an intelligent health monitoring system to track heart rate, SpO sensors and wearable technology.
- Enabled real-time data collection and mobile-based health monitoring with emergency alerts.
- **Role:** Front-End Developer.

Internship

MoviCloud Labs Private Limited — UI & UX Designer

- Designed responsive and user-friendly interfaces for modern web applications.
- Applied wireframing, prototyping, and user-centered design principles to improve usability.

Certifications & Achievement

- **Winner** — IBM Expert Labs National Hackathon | IBM Expert Labs | 2026.
- **Business Intelligence (BI)** — IBM Career Education Program | 2025.
- **Predictive Modeling with SPSS Modeler** — IBM Career Education Program | 2025.
