Professional Summary

Motivated Electronics and Communication Engineering student with a strong interest in software development. Skilled in Java, JavaScript, React.js, Node.js, Express.js, MongoDB, SQL, HTML, and CSS. Experienced in developing full-stack web applications using the MERN stack, with a strong understanding of REST APIs, CRUD operations, and database integration. Currently strengthening problem-solving and DSA skills through consistent coding practice. Eager to begin a career in software development and contribute effectively to a professional team.

Technical Skills

Programming Languages: Java, C, JavaScript
Frontend: HTML5, CSS3, React.js
Backend: Node.js, Express.js
Database: MongoDB, MySQL
Tools: Git, GitHub, Visual Studio Code
Soft Skills: Communication, Problem Solving, Time Management, Teamwork

Internship Experience

KioTech Dec. 2025
Web Development Intern
- Gained hands-on experience in developing web pages using HTML, CSS, and JavaScript.
- Learned the fundamentals of responsive web design and basic webpage structure.
- Practiced using CSS styling and JavaScript to create interactive web page elements.
- Strengthened understanding of frontend development concepts through practical learning and exercises.

Projects

AptitudePro | *MERN Stack*
- Built a full-stack aptitude preparation platform with separate student and admin modules for online practice and assessment.
- Implemented secure authentication and role-based access using JWT, with MongoDB for managing users, topics, questions, and test results.
- Developed RESTful APIs and an admin dashboard for managing aptitude topics and questions, and viewing student performance.
- Designed a responsive React.js interface for student tests, score tracking, and results, with a Node.js and Express.js backend.

Course Registration System | *Java, Spring Boot, Hibernate/JPA, MySQL, React, CSS*
- Developed a full-stack course registration system using Spring Boot, Hibernate/JPA, MySQL, React, and CSS.
- Built RESTful APIs for course management, student registration, enrollment processing, and retrieval of enrolled courses.
- Integrated the React frontend with Spring Boot APIs and MySQL to provide course browsing, registration, and enrollment management functionality.

Achievements

- Solved 100 DSA problems on LeetCode, improving problem-solving skills.
- Won First Prize in a Paper Presentation at Kongu Engineering College.

Education

Excel Engineering College Aug. 2023 – Jul. 2027
Bachelor of Engineering in Electronics and Communication Engineering *CGPA: 7.7/10*

Certifications

- Responsive Web Design — L&T EduTech

Languages

English: Professional Working Proficiency
Tamil: Native Proficiency
Telugu: Conversational (Speaking & Understanding)
