SUMMARY

Passionate about coding and problem-solving with a strong foundation in Java programming. Looking to begin my software development journey in a role that challenges me and allows me to turn my passion for technology into impactful solutions.

EDUCATION

Bachelor of Engineering in Computer Science & Engineering
M.A.M College of Engineering & Technology, Trichy, Tamil Nadu
Graduate Year: 2025 CGPA: 8.01
Higher Secondary Certificate (HSC) – Bio-Maths Stream
Boiler Plant Boys Higher Secondary School, Trichy, Tamil Nadu
Year of Passing: 2021 Percentage: 86%
Secondary School Leaving Certificate (SSLC)
Boiler Plant Boys Higher Secondary School, Trichy, Tamil Nadu
Year of Passing: 2019 Percentage: 86%

TECHNICAL SKILLS

- **Web Technologies:** HTML, CSS, JavaScript
- **Programming Language:** Java
- **Framework:** Bootstrap
- **Databases:** MySQL,JDBC
- **Tools & IDEs:** Eclipse, Visual Studio Code

INTERNSHIP

Front-End Developer Intern
CodeBind Technologies — July 2024 – August 2024

- Developed responsive web interfaces using HTML and CSS.
- Improved user experience with clean and efficient design.
- Fixed front-end bugs and ensured cross-browser compatibility.
- Enhanced website performance through efficient front-end development.

Software Testing & Bug Reporting Intern
Green Soft Solution (June 2023 – July 2023)

- Conducted manual testing of web/mobile applications
- Reported bugs via spreadsheets/testing tools
- Prepared test cases and documented results
- Collaborated with developers to ensure issue resolution

PROJECT

Medicine Label Recognition for Visually Impaired

- Developed a web-based AI tool that helps visually impaired users read medicine labels by extracting text using OCR with Python, OpenCV, and Tesseract. Integrated voice commands, Text-to-Speech, and medication reminders for real-time audio guidance and accessibility.
- **Technologies Used:** Python, OpenCV, Tesseract OCR, Machine Learning, Text-to-Speech, Speech Recognition, Flask.

Sports Turf Reservation System

- Developed a web-based Turf Booking System that enables users to register, check turf availability, and book slots online with payment integration. Provided an admin dashboard to manage turfs, schedules, and bookings for efficient sports facility management.
- **Technologies Used:** Java, JSP, Servlets, JDBC, MySQL, HTML, CSS, Bootstrap, JavaScript.

ACHIEVEMENTS AND CERTIFICATIONS

- Completed **Java Full Stack Certification – Softlogic System (2025).**
- **1st** Place in Silambam District Level Competition, 2015.
- **1st** Place in Silambam District Level Competition, 2016.
- **1st** Place in Silambam State Level Competition, 2016.
- **World Record** in Silambam.
- NCC Sergeant, awarded **"A-Certificate"**.
